

Rhodes University

Lecture and Practical Timetable for 2014

Date of first release : 18 January 2014 (Some modifications will have been made after that.)

The latest version of this timetable may be seen at

<http://www.scifac.ru.ac.za/timetable/>

That web copy must be regarded as the "definitive" version, superseding any copies with an earlier date.

Visit our web-based interactive timetable checker at <http://www.scifac.ru.ac.za/wwwtime/timetable.php> to explore subject combinations and curricula.

Changes from the 2013 timetable have been kept to a minimum, as usual.

Most of them arise from

- Difficulty in finding large enough venues for Commerce and Pharmacy classes;
- Reorganization of the BPharm 2 curriculum;
- Reorganization of the BComF Extended studies programme;
- Repairing the fragmentation of the "diagonal" structure, which had happened over time.

Notes:

- XHS 1M, XHS 2M, XHS 3M (isiXhosa MT) are timetabled internally by the School of Languages.
- Subjects marked with *** have timetables that may have to be adjusted once registration is complete.

The subjects where there are changes of times from the 2013 timetable are marked "TIME" below. It is hoped that all these changes have been highlighted correctly. Changes are further described at

<http://www.scifac.ru.ac.za/timetable/changes.htm>

In reading this timetable, note that groups like Tut{7,8},{9,10} or Prac{7,8,9} denote alternative double period tutorial or afternoon long laboratory practical times. These are subject to change, depending on the exact distribution of students who register for a course, and are shown here only as a guide. Single period tutorials are arranged by most departments at a selection of times to suit the students and staff involved in the course, and are in general not shown here, or are marked as {Tuts} in the cases where the tutorial days are already known.

Several subjects, notably Accounting 1, Economics 1, Information Systems 201, Management 1, Psychology 1, Sociology 1, Statistics 1D and Theory of Finance are offered in alternative slots, as the classes are too large to be accommodated into any of the existing lecture rooms at one time. A group like [1,2] denotes alternative lecture times of this sort.

It is the responsibility of students to ensure that their planned and proposed curricula do not contain any clashes, not only for the current year of study, but also for the years ahead. Attention is drawn to General Rule G6.2 of the University Calendar. Each year some students complain when they discover that the timetable for the next year will not suit them, claim that they "have not been told", and ask that the timetable be modified to accommodate their lack of forward planning. Such requests cannot be met.

In reading this timetable, the numbers in and out of brackets refer to periods which are at the following times:

Period 1: 07:45 to 08:30	Period 2: 08:40 to 09:25	Period 3: 09:35 to 10:20	Period 4: 10:30 to 11:15
Period 5: 11:25 to 12:10	Period 6: 12:20 to 13:05	Period 7: 14:15 to 15:00	Period 8: 15:10 to 15:55
Period 9: 16:05 to 16:50	Period 10: 17:00 to 17:45		

28 Jul 2014 @ 17h00
